Pages

- ◉ Què són els pages?
 - ◉ Els pages són els objectes a través dels quals es va a introduir, visualitzar i modificar la informació emmagatzemada en les taules.
 - ◉ L'usuari a través dels pages pot generar els esdeveniments que van a determinar el flux de l'aplicació

- Rol Center

The screenshot displays the 'Role Center - Sales Order Processor' interface. It features a left-hand navigation pane with sections for 'Activities', 'Sales Orders Releases: Not Shipped', 'Returns', and 'Micro'. The main content area is divided into several sections: 'Trailing Sales Orders' with a bar chart, 'My Customers' with a search bar, 'My Items' with a search bar, and 'My Notifications' with a table. Annotations with blue circles and lines point to specific elements: a circle on the 'Sales Orders' icon in the 'Activities' section points to the 'Cue' label; a circle on the 'Micro' icon points to the 'Outlook part' label; and a circle on the 'My Notifications' icon points to the 'My Notifications part' label.
